

# Online Land Revenue Payment (e-Pauti)

1. Online Land Revenue Payment is a step forward to digitize all the Ledgers and Registers of RI Offices and simplify the payment as well as collection mechanism at RI Offices through introduction of online payments by citizens. Towards this, Tenant Ledger updating is taken up as a very initial step so that updated demands could be finalized and it will later facilitate the citizens for online payment of their current demands. Ultimately this will make the entire payment and collection process at the RI Offices completely transparent, accountable and citizen friendly.
